Encounter in Northern Empire

You're not entirely convinced that the Fifth Eye can read, but you suspect that someone in his retinue will be able to translate your missive if need be. You request that he send a cadre of Blood Chanters and Blood Hounds into the valley to tackle the Bane. These violent spell workers are hardly the ideal candidates, but one must work with the tools at hand. The messenger nods warily and leaves in search of a bird to send to the Chorus.
